brush and scissors. Scissors
not in picture

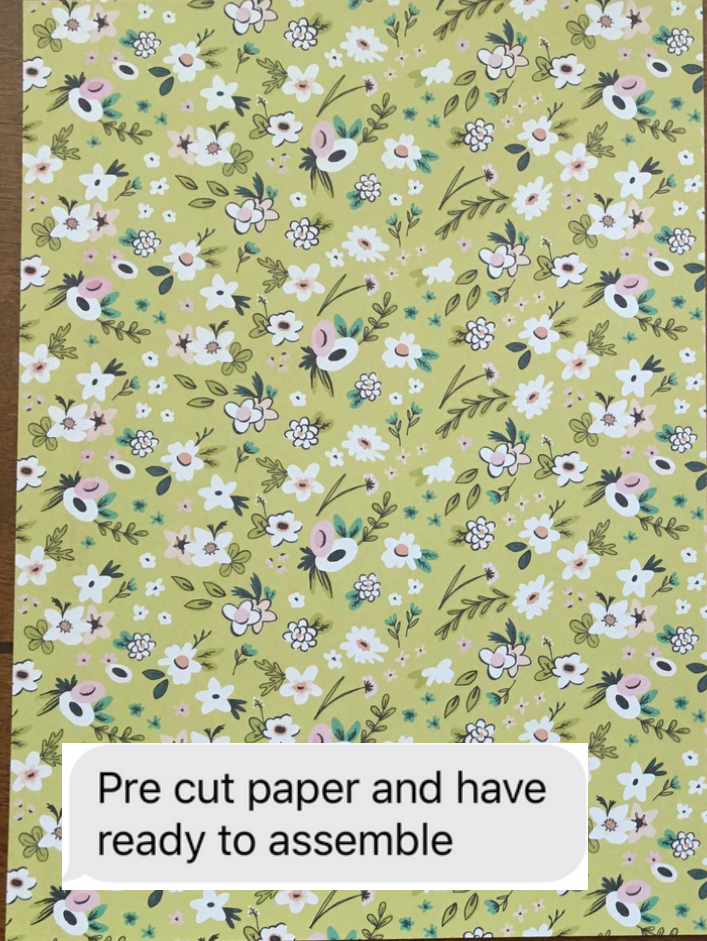

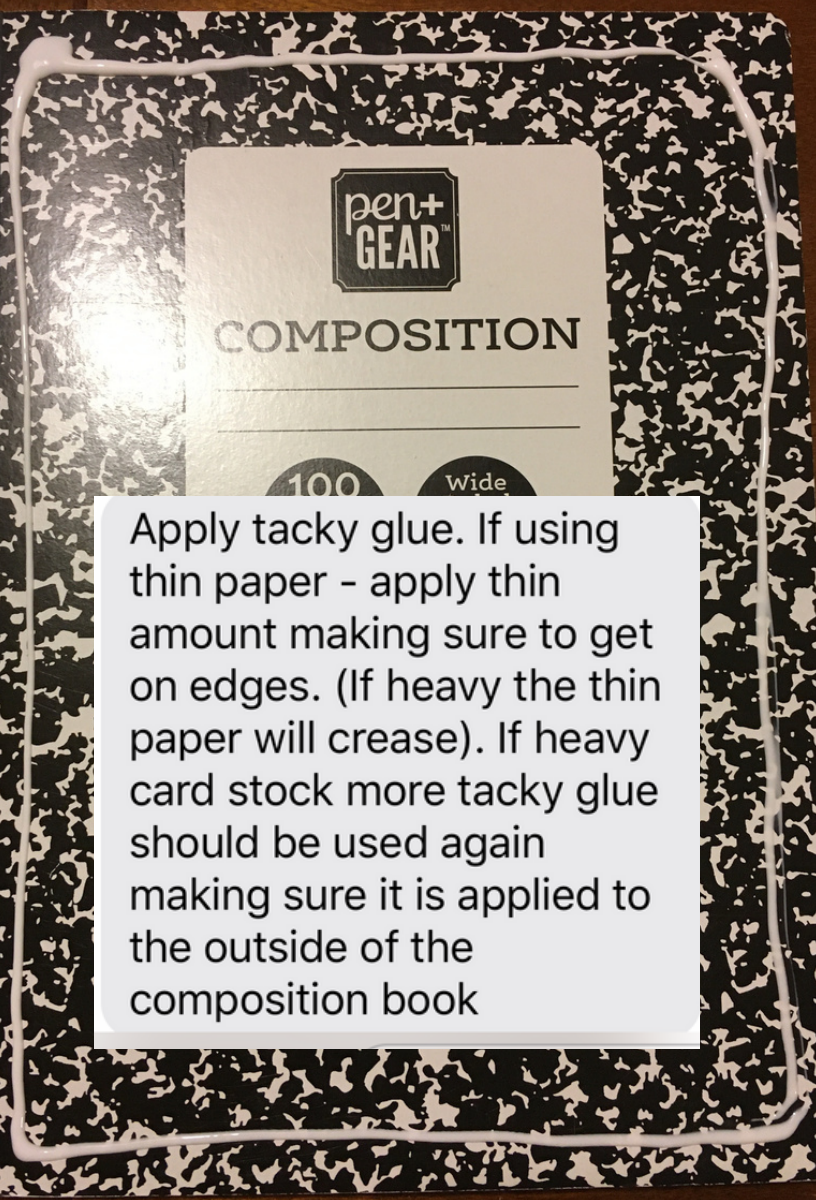

Composition book. Area to apply glue.

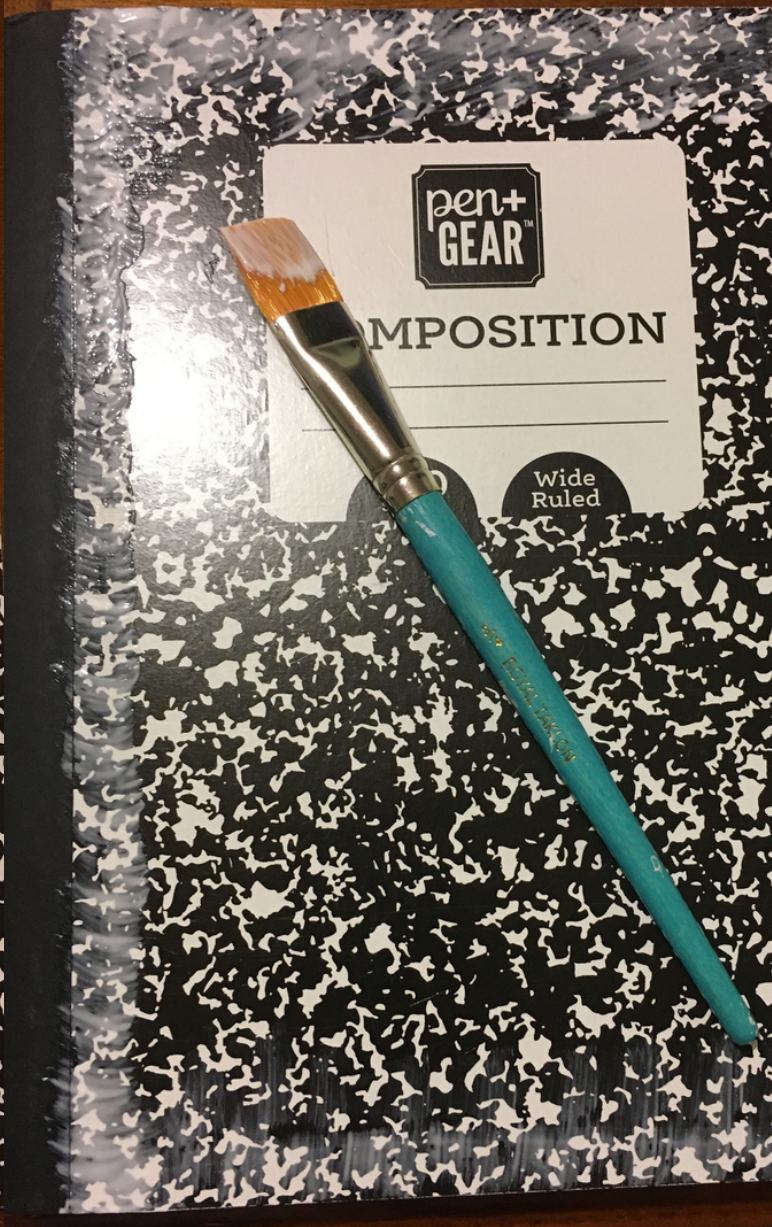

Pre cut paper and have ready to assemble

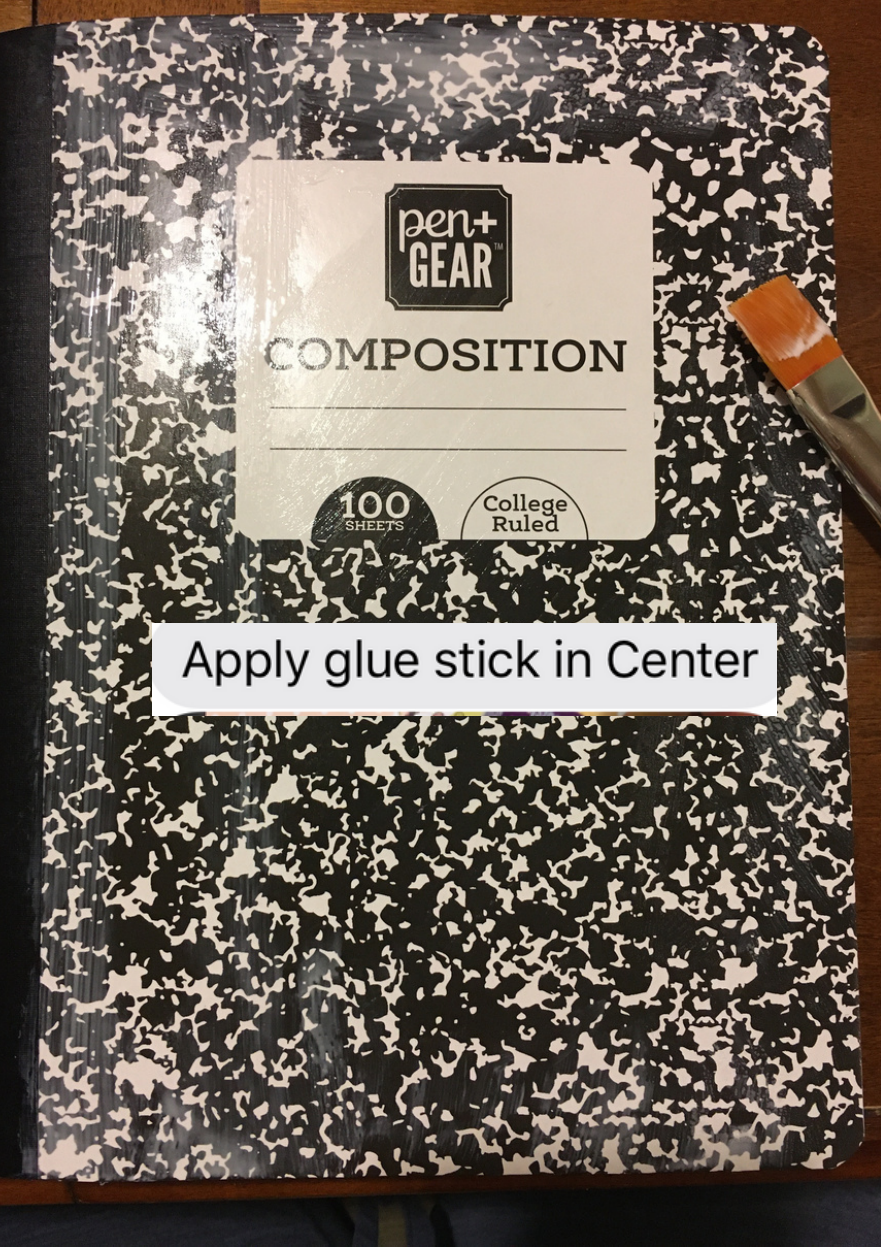

Pre cut paper and have ready to assemble

Apply tacky glue. If using thin paper - apply thin amount making sure to get on edges. (If heavy the thin paper will crease). If heavy card stock more tacky glue should be used again making sure it is applied to the outside of the composition book

Apply glue stick in Center

Attach paper, if adding a strip additional tacky glue

Attach paper, using the flat of your hand use pressure and make sure to firmly swipe your hand across the composition book to ensure paper sticks. If applicable, Clean up any excess glue that might come out of sides.
If adding a strip additional glue.

Front and back, trim corners and excess overlap if any.
