

Felt Hearts

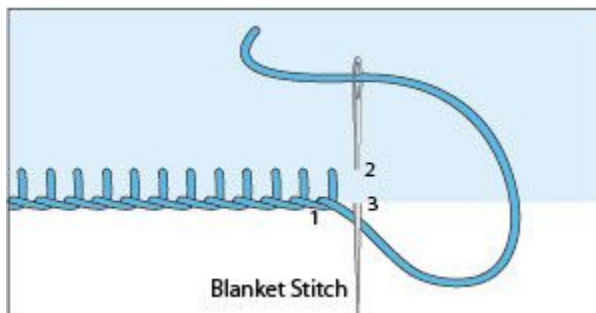

Cut 2 hearts around 3" to 6" in diameter. Sew on buttons, ribbon, or trim, or leave plain. Put a small bit of batting in the middle of the 2 hearts and blanket stitch around the outside of the heart.

Blanket Stitch Instructions:

- Work from left to right.
- Bring needle up at 1, down at 2 and up at 3, keeping the thread looped under the needle.
- Pull thread through and shape stitch as desired.
- Repeat around the heart and finish by tying a knot at the end

Tips:

- For an even line of stitching, keep the height of the stitches even throughout.
- To vary the look of the stitch, change the height of the stitch, alternating between long and short.
